	Descriptor Term: PROGRAM CONTRIBUTIONS	Descriptor Number: SS 4	Date Adopted: 4/79
		Revision Adopted: 3/01	

Contributions made to the Murfreesboro City Schools shall be accepted with appreciation if such contributions do not conflict with other board policy provisions and the acceptance of the gift will enhance the educational program of the City Schools. All gifts become the property of the Murfreesboro City Board of Education. When gifts are for a particular program, reasonable evidence should demonstrate that the gifts remain for use with that program.

When cash contributions are made for a specific program, the donation will in no way supplant the financial efforts made by the Board of Education for that program. In all cases, cash contributions will be revenue in addition to the monies furnished by governmental agencies for the operation of the program.
