By law, a standard school year for students shall consist of a minimum of 180 teaching days exclusive of all vacations as may be approved by the Board of Education in the annual traditional and alternative calendars.

The Director of Schools shall annually present calendars for the coming school year for approval by the Board. The calendars shall make provision for the opening and closing of school, reflect the inservice education schedule, and designate other days assigned by the Board during the school year. Consideration should be given to coordinating holidays and spring break with MTSU and the Rutherford County School System. Before final adoption, the proposed calendar may be distributed among school employees for suggestions.
