Murfreesboro City Schools administration will identify migratory students in the system, as required by law, and develop written administrative procedures for ensuring that migrant students receive services for which they are eligible. In developing and implementing a program to address the needs of migratory students the system will:

1. Identify migratory students and assess the educational and related health and social needs of each student.
2. Provide a full range of services to migrant students including applicable Title I programs, special education, gifted education, ELL programs, counseling programs, and other programs available to all children in the system.
3. Provide migratory children with the opportunity to meet the same statewide assessment standards that all students are expected to meet.
4. To the extent feasible, provide advocacy and outreach programs to migratory students and their families and professional development for district staff.
5. Provide parents an opportunity for meaningful participation in the program.

If a migrant student is identified by the system, the Director of Schools or designee will notify the State Department of Education, Office of Migrant Education, and request assistance if needed.
