

	MURFREESBORO CITY SCHOOL BOARD POLICY		
	Descriptor Term: EMERGENCY ALLERGY RESPONSE PLAN	Descriptor Number: STU 54	Date Adopted: 6/07
		Revision Adopted:	

An Emergency Allergy Response Plan shall be developed and maintained that meets state guidelines for managing students with life-threatening allergies. The Plan shall include measures to reduce exposure to allergies and procedures to treat allergic reactions. Components of the plan shall include, but are not limited to:

- education and training of personnel
- record keeping/documentation
- development and reviews of the allergy action plan
- protocols for classrooms and cafeteria that include strategies to reduce exposure to allergens.

Using the state food allergy guidelines plan as a guide, a process shall be put in place to identify all students with food allergies and develop and implement an Individualized Health Care Plan (IHCP) with an Allergy Action Plan for each specific student.
