	BUILDINGS AND GROUNDS MANAGEMENT	SS 6	4/79
	Revision Adopted:		
	3/01		

The individual school principal shall be responsible for the care and upkeep of the building and for the supervision of the school custodial services. The buildings and grounds maintenance provided by the system through the maintenance supervisor shall be considered a supplementary and coordinating service. The school principal shall retain the basic responsibility for overseeing buildings and grounds, maintenance, and for supervising the custodial employees in his/her buildings who are employees of the Murfreesboro City School Board.

The Director of Schools and/or the Director's designee will coordinate the overall management of the buildings and grounds. This will include but is not limited to (a) constant review of school building needs, (b) determining work and reporting schedules and procedures, (c) planning and supervising building programs, and (d) general and specific evaluation.
